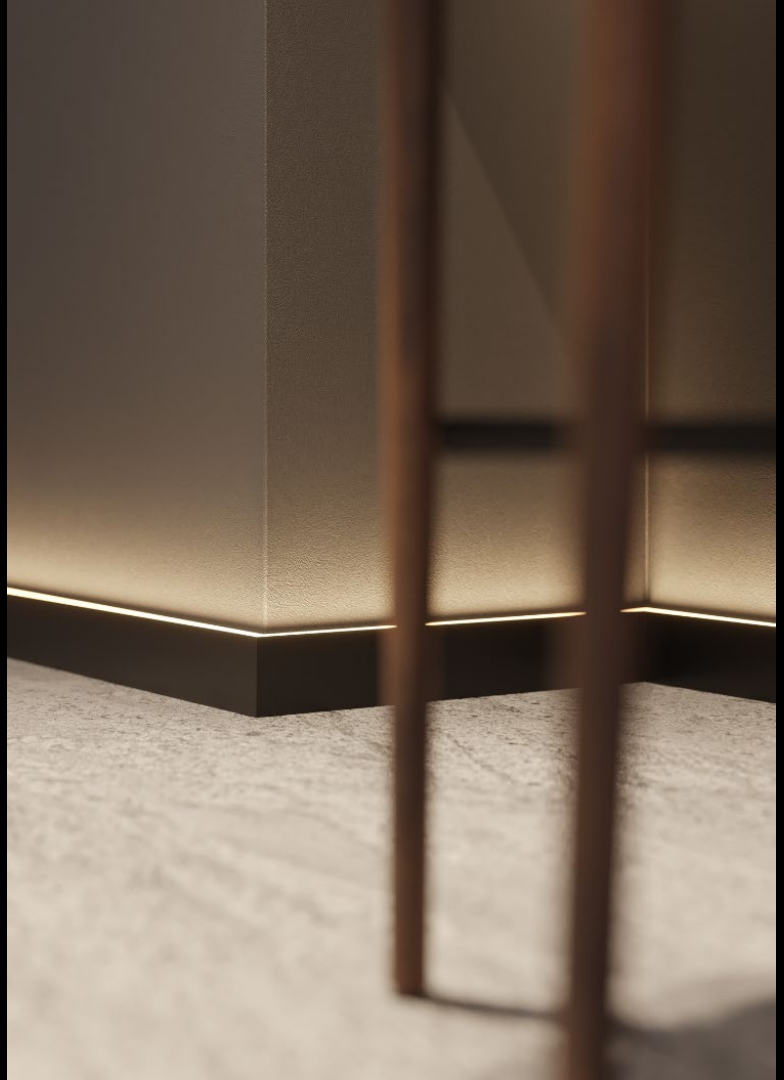
IL10 BLACK

IL11 BLACK

IL12 BLACK

FT2 BLACK

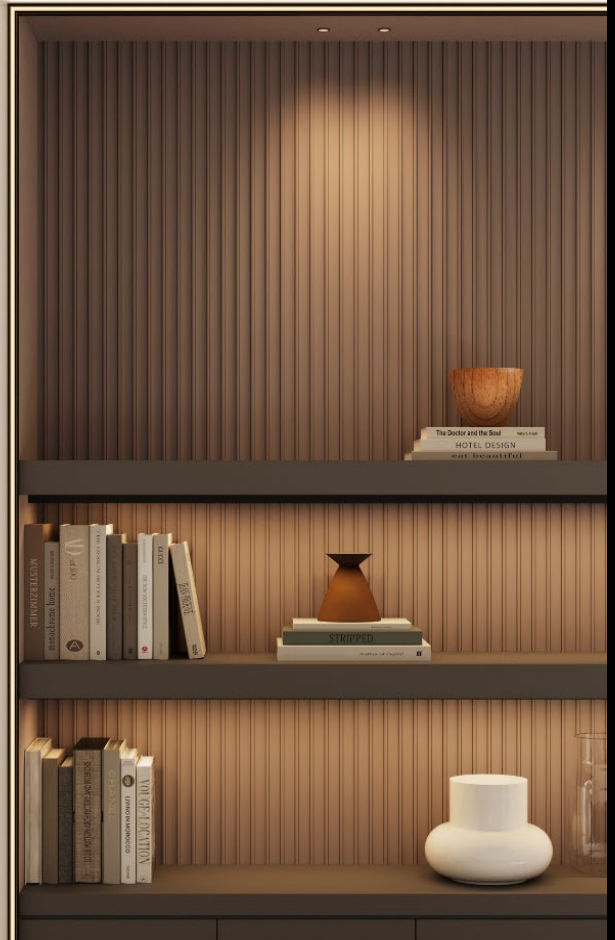


IL10 BLACK

The IL10 skirting's linear and simplistic design along with its soft black semi-mat finish help set the stage for characterful wall design. Light emerging from the top of the profile emphasizes walls and their composition.

IL11 BLACK

Through its geometric features, sharp angular design, lighting properties and black finish all the way to the core of the element, the IL11 speaks for stability and modernity in skirting design.



IL12 BLACK

The element’s true strength lies in its simplicity, which renders multiple application possibilities; the IL12 BLACK can be installed on all parts of the wall and even on furniture.

HANDMADE LIVING

FT2 BLACK

Cubic, robust and versatile. The FT2 serves as a reminder of the strengths of minimal design with a contemporary twist; the all-black finish.

BLAUER ENGEL
DAS UMWELTZEICHEN
www.blauer-engel.de/uz120

- HDPS — High quality polystyrene
- Finished black & black core
- 100% waterproof
- Scratch-resistant
- Shock resistant
- Contains min. 30% recycled material

ADEFIX® PLUS

Our awareness for energy efficiency, sustainability and climate protection has meant that every step in the development, production and sale of NOËL & MARQUET design elements is checked and optimised:

- Energy from our own photovoltaic system and 100% green energy.
- Our own recycling facility ensures nearly 100% recycling of waste.
- Closed water circuits minimize consumption.
- ISO 14001 certification – the international standard for environmental management systems.
- BREEAM product declaration for all products.
